

2017 World of Concrete - ACI Concrete Construction Special Inspector Certification

Presented by the Las Vegas Chapter of the American Concrete Institute.

Course Code: ACISIC

REVIEW: Monday – Wednesday, January 16 - 18 | 8:00 am - 3:30 pm

EXAM: Thursday, January 19 | 8:00 am – 12:30 pm

LVCC North Hall, Room

The Concrete Construction Special Inspector Certification has become a requirement in many areas to document that a person understands and can perform special inspections based on code and job specifications for a project. This program will review requirements of concrete construction including plans reading, formwork installation and removal, reinforcements, embedments, sampling and testing freshly mixed concrete, conveying, placing, consolidation, finishing, jointing, curing, and protection. The instructors for this Concrete Construction Special Inspector review course are:

Frances Griffith is Associate Director for the Center for Training Transportation Professionals at the University of Arkansas. Ms. Griffith is an ACI Fellow, a member of the ACI Board of Direction, and is the past Chairman for ACI Committee C630 “Construction Inspector Certification.” She has over 18 years of experience administering ACI certification programs.

Joe Hug is the Technical Services Manager for the Monarch Cement Company in Humboldt, KS. Mr. Hug is an ACI Fellow, the current Chairman of ACI’s Certification Programs Committee, and a member of ACI Committee C630 “Construction Inspector Certification.” He is also active in administering ACI certification programs in the state of Kansas.

Bill Griffith is a General Bridge Superintendent for Crossland Construction Company in Columbus, KS, and has over 30 years of experience in heavy highway construction and plans reading.

Werner Hellmer (Examiner) is a Senior Engineer for the Clark County Department of Building and Fire Prevention in Las Vegas, NV. Mr. Hellmer is the current Chairman of ACI Committee C630 “Construction Inspector Certification”, a member of the ACI Certification Program Committee, and is highly involved in administering ACI certification programs for the Las Vegas Chapter ACI.

NOTE: Interested candidates must have work experience in areas of concrete construction inspection.

The workbook for the ACI Concrete Construction Special Inspector Certification program is the CP-21 Package which contains 14 ACI documents and the CRSI Manual of Standard Practice. This workbook is included in the registration fee and will be shipped to registrants beginning December 15th on a weekly basis. Individuals that register after December 29th will need to pick up their workbooks onsite at the World of Concrete Education Office (Rm N249), Sat – Sun, January 14 – 15, 2017.

Successful candidates for Concrete Construction Special Inspector should be able to:

1. Understand the role of the Special Inspector on a concrete construction project
2. Verify compliance of concrete construction with plans, specifications and codes
3. Understand inspection during preplacement, placement and post-placement operations

Registration fee includes 3-day review course, written examination, ACI publication CP-21 (\$380 value) and lunch on review days, Monday - Wednesday. A minimum of 5 registrants must be registered by December 15th to run this program. If the minimum attendance is not met, your registration fee will be refunded.

CERTIFICATION EXAMINATION: The three-hour written examination is open-book and consists of 80 multiple-choice and true-false questions and is followed by a one-hour plans reading examination consisting of 20 multiple-choice and true-false questions designed to test the examinee’s ability to read and understand engineering drawings. In order to obtain certification as a Concrete Construction Special Inspector, candidates must pass both exams with a score of 70%, hold a current ACI Concrete Field Testing Technician - Grade I certification, and submit for approval sufficient education/work experience. For more information about education/work experience acceptance please visit [ACI Concrete Construction Special Inspector](#).

ACISIC Fee: \$1,295; \$1,495 after 12/1/16 and onsite. To register for the program, you must go to the World of Concrete website: www.worldofconcrete.com.

CANCELLATION POLICY: If registrant cancels their registration after December 15th, there is a **\$400 non-refundable fee** to cover the cost of the workbook.

Questions about the review course or certification program can be answered by contacting Dawn Miller, Las Vegas Chapter ACI, at 702-656-8827 or acilasvegas@earthlink.net.
