

ACI Awarded 2 KS ACI Members, Fellow Status

April 12, 2015
ACI Convention & Expo, Awards Program
Bartle Hall

37 Fellows, 2 from KS ACI, were recognized for their outstanding contributions to the production or use of concrete materials, products, and structures in the areas of education, research, development, design, construction or management. The ACI Fellow of the Institute was started in 1973.

Potential candidates may be presented to the Fellows Nomination Committee for its consideration by a member of the Committee, by a local chapter, by the International Committee, or by petition by five current ACI Members. At the time of nomination, a Fellow shall have been a Member of the Institute, or a representative of an Organizational or Sustaining Member of the Institute, for at least ten years, including three of the last five years. A Fellow shall have made outstanding contributions to the production or use of concrete materials, products, and structures in the areas of education, research, development, design, construction, or management. In addition, a Fellow shall have made significant contributions to ACI through committees and/or local chapters. A Fellow shall retain that membership rank as long as membership in the Institute is maintained or until elected an Honorary Member.

Mike Murray, Murray Concrete Solutions
Kimberly Waggle Kramer, Kansas State University
